PROFESSIONAL SUMMARY

IT Support Technician with 2+ years of experience in high-volume helpdesk and campus IT environments. Experienced in ITSM ticketing systems, incident management, SLA-driven support, and end-user troubleshooting. Strong hands-on knowledge of Windows 10/11, Active Directory, Microsoft 365, Azure AD, VPN, DNS, and DHCP. Proven ability to support users in fast-paced, shift-based environments including in-person and remote support. CompTIA A+ and AZ-900 certified. Open to in-person, rotating shift roles including mission-critical support environments.

TECHNICAL SKILLS

ITSM & Support	ServiceNow, Jira, incident lifecycle, SLA tracking, escalation handling, ticket documentation, IT support, field support
M365 & Identity	Azure AD (Entra ID), Microsoft 365, Exchange Online, Teams, SharePoint, MFA, Intune, mobile device management (MDM) awareness
OS & Servers	Windows 10/11, Windows Server 2022, Active Directory, Group Policy Objects (GPO)
Networking	TCP/IP, DNS, DHCP, VPN, LAN/WAN troubleshooting, Wi-Fi support
Hardware Support	Workstation setup, imaging, asset tagging, printer/peripheral troubleshooting, tablet setup, device deployment, hardware lifecycle support
Cloud & Virtualization	Microsoft Azure (AZ-900), VMware, VirtualBox

PROFESSIONAL EXPERIENCE

IT Support Technician (Part-Time)

Jul 2024 – Nov 2025

Canadore College — North Bay, ON

- Provided Tier 1 desktop support for 500+ students and staff across Windows 10/11 and macOS environments, resolving hardware, software, and connectivity issues.
- Managed user accounts and password resets in Active Directory and Microsoft 365 Admin Centre; configured email, Teams, and SharePoint access for new users.
- Logged and tracked 40+ support tickets per week using ServiceNow-style ITSM workflows, maintaining accurate documentation and escalation notes.
- Deployed and imaged 20+ workstations per semester using standardised OS imaging; configured BIOS settings, peripherals, and software packages.
- Troubleshoot LAN connectivity, VPN access issues, and Wi-Fi drop-offs; liaised with network team to resolve DNS and DHCP conflicts.

Help Desk Analyst

Oct 2021 – Apr 2023

WorldLink Communications — Kathmandu, Nepal

- Delivered onsite and remote technical support to 100+ residential and business subscribers for connectivity, hardware, and application issues.
- Configured routers, switches, and LAN/WAN setups; resolved network outages and reduced repeat call-back rate by implementing structured troubleshooting documentation.
- Handled hardware repairs, OS re-installations, and driver updates for customer-owned desktops and laptops across Windows platforms.
- Communicated technical solutions clearly to non-technical clients, consistently receiving positive service feedback.

HOME LAB PROJECTS

Active Directory & Help Desk Simulation Lab

- Built a Windows Server 2019 VM environment with Active Directory, DNS, and DHCP; created OUs, GPOs, and user accounts mirroring enterprise IT workflows.
- Simulated Tier 1 help desk scenarios — account lockouts, permission issues, and software installs — and documented resolutions in a personal knowledge base.

Azure Cloud + Remote Support Lab

- Deployed Azure VMs and configured Azure AD users; practised conditional access policies and M365 admin tasks (Exchange, Teams, SharePoint).
- Configured RDP and VPN access to simulate remote desktop support workflows used in enterprise IT environments.

EDUCATION

Diploma, Computer Systems and Networking Technician

Canadore College, 2026

CERTIFICATIONS

CompTIA A+ • Microsoft Azure Fundamentals (AZ-900) • CS50 Python • Career Essentials in System Administration
